

Join Allied this Holiday Season in Creating Joy the Make-A-Wish Way

Charity Week 2009 - December 14-18, 2009

Allied Wire & Cable has always believed in helping out those less fortunate whenever possible. While some people might consider this generosity, we just think it is the right thing to do! We all have the responsibility to help out our fellow Americans who have fallen on desperate times.

For Charity Week this year, we decided to change things up a bit. Because your orders supply the donation, we wanted you to choose the charity! For the first time ever, we held a month-long poll to decide which charity would benefit from our Charity Week. It was a tight race, but you picked the Make-A-Wish Foundation!

Between December 14th and 18th, Allied Wire & Cable will donate a percentage of all sales to Make-A-Wish.

This wonderful organization helps children with life threatening medical conditions and their financially strapped families make at least one last dream come true for their child. The dream could be as simple as a new computer, a Walt Disney trip, or being

a fire chief for a day. No matter what the dream, you are bringing smiles to a family that has not had much to smile about.

With the average wish costing \$7,000, we hope to raise enough funds the week before Christmas to grant 2-3 wishes. Every purchase made during that time will help turn a child's wish into a reality.

In the true spirit of the holidays, Allied Wire & Cable will also donate \$250 each to the other charities that were featured in the vote: American Farmland Trust, ASPCA, Autism Speaks, Coalition to Salute America's Heroes, Meals On Wheels Association of America and Susan G. Komen for the Cure. Every little bit of help can add up to big smiles and wishes granted!

MAKE-A-WISH.
